1) Ministry with Ufollo.net and SAAWE

Jesus said: "Go into all the world and preach the gospel to every creature" Mark 16:15 We have begun to place adverts on Facebook again, to reach the least reached people groups with the gospel. We have placed 11 ads in India, Bangladesh and Thailand in September, October and November reaching over 90 000 people. We got over 8000 likes and over 2100 clicks to the videos we posted. Thanks to a church in Gauteng we got some money to continue putting adverts on the Internet. We plan to continue putting adverts on Facebook to our website in order to build relationships with enquirers and discipling them.

Next year on the 14th of February we plan to have a Valentine's Missions Fundraising event with gospel singer Louis Brittz. We are now in the final stages of getting everything in order for this event. If you are interested in coming you can contact me or SAAWE to find out more about this event. We have also launched our new website for supporters. At [www.ufollo.net/support](http://www.ufollo.net/support) you can see what we do and how you can take part in this ministry. We trust God for a breakthrough and that many enquirers would start sharing with us.

I attended the Cairos Course in Potchefstroom in October. It is a missions Course and is aimed at mobilizing the church for global missions. I have learnt a lot in this course and am grateful that I can be part of God's purposes in evangelizing the least reached in South Africa and around the world. Roger and I are also still evangelizing and building friendships with Bengalis, Somalis and Pakistanis in Mayfair (Johannesburg) and in Kempton Park. We go there every week or bi-weekly as time permits. We have had great opportunities in sharing the Word and the Gospel and handing out evangelistic booklets. Many of course are staunch Muslims and would even mock us as we share that "Jesus is the Son of God". But many seeds are planted as well and many listen to us as we clarify misconceptions about the Bible and Christianity. Now that I have more time I want to start reaching out to the foreigners at the Airport as well.

2) Ministry in Tembisa with BBC

The past 4 months I have been mostly busy with this ministry. I work with the Reformed Baptist Church in Birchleigh (BBC), Kempton Park. We have conducted hundreds of meetings at School Assemblies, high School Bible Studies, Bible Clubs at Primary Schools, Feeding Schemes and services the past year. We are a team working together and it has been amazing to see how the Word affects the people. It is amazing to see the faith that some of these kids have. When asked, "do you believe in God?", or "do you believe that Jesus rose from the dead" most in the Bible Clubs will answer with a joyful "yes". At some assemblies after we share the Word of God all will spontaneously pray after me and dedicate themselves to The Lord as I lead them. I've experienced this many times! Not only in Primary schools! The questions learners ask at the High School Bible studies are also encouraging. I have given out at least 50 Bibles the past two months to teenagers attending the Bible studies. They receive it with great joy. Because the wealth, health and prosperity gospel is rampant in Tembisa it gives us an opportunity to teach what the Bible actually teaches. I use my "New Believers

Book" as a basis for the Bible studies. All the Bible studies are on the Net at [www.truthstransform.net](http://www.truthstransform.net) with questions (41 of them). Our ministry at the High Schools have stopped now for this year. But we will still continue at the Primary schools until the end of the term and at the mission station in Tembisa. Please pray that the seeds we have planted will grow and flourish for the glory of Jesus Christ.

### 3) Ministry in Dutch Reformed Churches

I have had opportunities to minister in NG Church Klipvallei again and in NG Church Valhalla and will be ministering in two other NG Churches in December as well. These are great opportunities to share the truth of God. God willing from January until March I am going to present an evangelism Course (Way of the Master) at a Church in Tembisa. Please pray for me as I consider my role in the Dutch Reformed Church in the future.

### 4) Updated from Truths Transform website.

I have been advertising videos and articles on Facebook through my Facebook Page: Truths Transform. You can like it if you want. I mainly advertise articles on my website in India. Since I have been doing that I get from 300 hits to 1000 hits a week on my website which is awesome! The idea is that many in India (where many understand English and many are unreached with the gospel) go to my website and go through the articles and get converted and disciplined. I have gotten thousands of likes on posts since August and up to 350 clicks on articles I have advertised. I use R50- R57 per advert. If you want to be part of this ministry please check out my website: [www.truthstransform.net](http://www.truthstransform.net) and if you want to invest in this ministry let me know. I have a vision of making a video of every article. I want to use 10 different people "reading/sharing" each article and filming every one. I have already gotten people and a film crew who are willing to help me with this project. All I need now is R7000. If it is done I want to systematically advertise all the articles with their accompanying videos and questions in India for the next year. May God help us.
