Greetings in the Name of the Lord Jesus Christ. Thank you for all the prayers and support I am receiving in various ways.

1) Work and Launch at Ufollo.net

Ufollo.net has changed from server to Delitech IT Solutions the past months and we have been delighted with the progress that our website has made. We have been told by Dewald, our IT Manager, that in the past 30 days, the website has had just over 49 000 hits from seekers (might be from computers as well) from all across the world. Most of them came from Russia, South Africa and the USA. But many also came from countries like Morocco, Thailand, Saudi Arabia and others. That is an average of about 1600 hits a day. The average seeker has been on the site for an average of 8 minutes! That is great news! As many of you have seen, there are many short videos on the site about the life of Jesus and other interesting material. With the help of experts we have finished the Caring Friend Manual and the Templates for the online missionaries, which we call Caring Friends. We have screened and accepted about 30 Caring Friends who are on the brink of working with Ufollo.net and discipling enquirers from all over the world. Our Helpdesk is almost in working order and ready for the Caring Friends. It has been hard work to get everything in place, but we trust that God will come through and streamline everything so that we can make an impact for the Kingdom of God. We trust that many people all over the world will be exposed to the saving message of Jesus Christ and be discipled. If you want to impact the world for Jesus

from your Computer or Tablet (Acts 1:8) let us know and we at Ufollo.net can help you! Go to Ufollo.net/Contact us and drop us a note or phone me at +27722350201.

2) Outreaches in Gauteng and further

I have been privileged to reach out at the OT Airport a number of times with SAAWE in the last two months. In the past months we have edited the tracts that I had written before and printed a booklet for new believers in Christ. I have printed these in bulk and given many of them out at street corners, at the Traffic lights and shops and at OT Airport. May God use our feeble attempts to glorify His Name to further His gospel. I have reached out twice in the Inner City of Kempton Park with a group of church members from the Dutch Reformed Church, Kempton Kruijn. We provided food for the destitute and homeless on two occasions. I have also shown "Let the Nations be Glad DVD of John Piper" at SAAWE and the Dutch Reformed Church, Kempton Kruijn. We at SAAWE and Ufollo.net have also had many opportunities to share the vision of Ufollo.net at many Mission conferences and churches in Gauteng and in the Cape at the Ignite Student Conference. In this way we have had many opportunities to share mission vision and build relationships with other mission organizations and churches and people from many walks of life. On one of my outreaches at OT Airport I had the opportunity to meet a group of Indians from India. I stood next to the group a while and wondered if I should hand out my new tract, "Who is Jesus really." As I prayed what to do one of the Indian guys

came to me and asked me what I have in my hands. I took the opportunity and gave out many tracts and booklets to almost the whole group. There was about 20 of them standing there. After talking to them for a while, I learnt that they were only in the country for a few days and they planned to visit Sun City! Let's pray that God will use those tracts and booklets so that they might know the truth about Jesus Christ and the way of Salvation! Another time in Kempton Park I talked to one of the homeless people and learnt that his sister had committed suicide a few years ago. He is also a recovering drug-addict. He had a long story how he managed to survive and asked for a job. Many people on the streets are in desperate situations. All I could do is pray for him, give him some Christian literature and a bit of money to go and sleep in a shelter in Kempton Park. Sometimes it is difficult to discern whether a person is really in need or just a professional beggar. May God help us to be the hands and feet and ears of Jesus in this world.

3) Global Media Outreach

I have also been busy with this ministry on a daily basis and have been able to evangelize, disciple and refer many people from across the world to evangelistic websites and Bibles. It is amazing how many people open up to you as you ask enquirers how you can pray for them. I regularly get feedback from people showing their appreciation to me for being prayed for and for the spiritual advice, which is encouraging. I have felt in the past that this online ministry is a bit impersonal, but at the same time it has

it's advantages. Many enquirers will open up to you, as a complete stranger, which they wouldn't do in person. So it has its positive and negative sides. To become an online missionary with Global Media Outreach go to www.GMOjoinus.com. You wouldn't be sorry! Just the other day a woman had false charges against her. A colleague at work accused her for stealing money from the company she worked for. A colleague tried to frame her. But after she asked for prayer the charges were eventually dropped. Praise God! God intervened!

4) Training of Online Missionaries and Resources

We have already had two training sessions for the Caring Friends at Ufollo.net. One at NG Church Hoogland in Kempton Park and one in Randburg at Petra Ministries. We will be having one again on the 9th of November in Kempton Park for prospective Online Missionaries. We will continue to expand and improve our Templates for Caring Friends and we are working on discipleship material at Ufollo.net for enquirers. I am also working on a New Believers Book and other Booklets to hand out during evangelism outreaches. In the attachment you will see a new tract I have been working on called "Who is Jesus really?". I have also with the help of a friend, Dries Pauley, recorded 7 short evangelistic messages that I will upload on Youtube at my channel **Nico van Zyl** when it is finished. Ufollo.net also has a channel on Youtube. Please share some of the videos on Facebook and other places so that the good news of God can fill the earth as **Habakuk 2:14** prophesied

“For the earth will be filled with the knowledge of the glory of God as the waters cover the sea.”
